

You will receive power when the **Holy Spirit** has come upon you; and you will be **my witnesses**. (Acts 1:8)

## Chastity and Pro-life

**Chastity** is an exciting, freeing lifestyle! Chastity is more than just abstaining from sexual activity...Chastity **honors God and brings purity** into your thoughts, actions and intentions in daily life, especially within your dating relationships.

Chastity requires **sexual self-control** and the commitment to saving sex and all intimate acts for marriage. Chastity is showing your love in dating relationships **through affection** not arousal.

All are called to **embrace chastity** in their state in life: single, married or religious. Even if you have been sexually active, start saving yourself for marriage today by becoming a **renewed virgin**. It is possible!

Generation Life believes that chastity is the solution to the abortion problem. The **pro-life** message means **respect for all persons** from the moment of conception to natural death.
